Winter Weather Harsh on Parking Lots

Have you driven through your plazas recently and noticed that your traffic paint has faded, or is completely missing? Are your parking spots no longer clearly marked by paint? Do you have faded signs? Missing signs or bent poles?

If you have *any* of these issues in your plazas, Capitol Sweeping can take care of them!

Capitol Sweeping has a full service line painting and traffic marking team! Our certified paints are top quality and not watered down: our line painting and traffic markings will *last longer and look better!*

We also replace all types of traffic signs and damaged or missing sign poles.

Capitol Sweeping recently bought over 5,000 signs from a closing supply company. We offer traffic signs, safety signs and interior signs!

Call Capitol Sweeping today to bid on your parking lot painting!!

Car Wash on Site at Capitol Sweeping

In order to always have clean trucks working in all of your plazas, Capitol Sweeping has installed a *drive-thru car wash* at our facility in South Windsor, CT!

This car wash has enabled us to quickly and efficiently wash every truck, every day, versus driving to car washes.

This drive-thru car wash is just another example of how Capitol Sweeping is dedicated to providing you with the cleanest, and best maintained equipment available!

All of the dirty water from the car wash is processed in an oil separator tank before being returned to sanitary sewers!
